**THIRD QUARTERLY REPORT**

## **CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)**

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Main Board of the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

*Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.*

*This report, for which the directors of Hing Ming Holdings Limited (the “**Company**” and the “**Directors**”, respectively) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “**GEM Listing Rules**”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief, the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.*

## 2. BASIS OF PRESENTATION AND PREPARATION

### (A) Statement of compliance

The unaudited consolidated financial statements of the Group for the nine months ended 31 December 2019 (the “**Unaudited Consolidated Financial Statements**”) have been prepared in accordance with the Hong Kong Financial Reporting Standards (the “**HKFRSs**”) issued by the Hong Kong Institute of Certified Public Accountants (the “**HKICPA**”) and the applicable disclosure requirements of the GEM Listing Rules.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group.

A summary of the significant accounting policies adopted by the Group is set out below.

### (B) Basis of preparation

The measurement basis used in the preparation of the Unaudited Consolidated Financial Statements is the historical cost basis.

The preparation of the Unaudited Consolidated Financial Statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

## **2. BASIS OF PRESENTATION AND PREPARATION (CONTINUED)**

### **(B) Basis of preparation (Continued)**

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The Unaudited Consolidated Financial Statements have not been audited by the Company's independent auditor, but have been reviewed by the audit committee of the Board (the "**Audit Committee**").

The Unaudited Consolidated Financial Statements are presented in Hong Kong dollars ("HK\$") which is also the functional currency of the Group, and all values are rounded to the nearest thousands, except when otherwise indicated.

### **(C) Changes in accounting policies**

The significant accounting policies that have been used in the preparation of the Unaudited Consolidated Financial Statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 March 2019, except for the adoption of the new and revised HKFRSs.

In the current period, the Group has adopted a number of new and revised HKFRSs, amendments to Hong Kong Accounting Standards and Interpretations (hereinafter collectively referred to as "**new and revised HKFRSs**") issued by the HKICPA that are relevant to the Group and effective for annual accounting periods beginning on or after 1 January 2019. Except for the adoption of HKFRS 16 "Leases", the adoption of other new and revised HKFRSs has had no material effect on how the Group's results and financial position for the current or prior periods have been prepared or presented in the Unaudited Consolidated Financial Statements.

HKFRS 16 replaces HKAS 17 "Leases" and related interpretations. The new standard affects primarily the accounting for the Group's operating leases. Under HKAS 17, the Group's office and operating premises leases were previously classified as operating leases and the lease payments were recognised as an expense on a straight-line basis over the lease term. On adoption of HKFRS 16, the Group recognises and measures a liability at the present value of the future minimum lease payments and recognise a corresponding right-of-use asset for these leases. The interest expense on the lease liability and depreciation on the right-of-use asset are recognised in profit or loss. The Group's assets and liabilities and the timing of expense recognition are also impacted as a result.

## 2. BASIS OF PRESENTATION AND PREPARATION (CONTINUED)

### (C) Changes in accounting policies (Continued)

The Group has adopted HKFRS 16 retrospectively from 1 April 2019, but has not restated comparatives for the corresponding reporting period, as permitted under the specific transitional provisions in the standard. The reclassifications and the adjustments arising from the new leasing rules are therefore recognised in the opening consolidated statement of financial position on 1 April 2019.

The reconciliation of operating lease commitments to lease liabilities is set out below:

	At 1 April 2019 HK\$'000
Operating lease commitments	<b>972</b>
Less: Recognised exemption — short-term leases	<b>(972)</b>
Total lease liabilities	<b>—</b>

The Group has not early adopted the new and revised HKFRSs that have been issued but are not yet effective. The Group is in the process of assessing their impact on the Group's results and financial position. The preparation of the Unaudited Consolidated Financial Statements in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The Unaudited Consolidated Financial Statements should be read in conjunction with the Group's audited consolidated financial statements and notes thereto for the year ended 31 March 2019.

## **FINANCIAL REVIEW**

### **Revenue**

Our Group recorded an increase in revenue for the nine months ended 31 December 2019, which increased by approximately 16.9% to approximately HK\$41.7 million as compared with revenue of approximately HK\$35.6 million for the nine months ended 31 December 2018. The increase was mainly due to the increase in revenue from trading of equipment and spare parts during the nine months ended 31 December 2019.

### **Cost of sales and services rendered**

Cost of sales and services rendered mainly represents the cost of inventories sold and materials consumed, staff costs, rental of equipment and depreciation. Our Group's cost of sales and services rendered amounted to approximately HK\$25.5 million for the nine months ended 31 December 2019, representing an increase of approximately 39.7% (nine months ended 31 December 2018: approximately HK\$18.2 million). The increase was mainly due to the increase in depreciation of tower cranes for the nine months ended 31 December 2019.

### **Gross profit and gross profit margin**

Our Group's gross profit decreased by approximately 6.8% from approximately HK\$17.4 million for the nine months ended 31 December 2018 to approximately HK\$16.2 million for the nine months ended 31 December 2019 with gross profit margin at approximately 38.9% (nine months ended 31 December 2018: approximately 48.9%). The decrease in gross profit margin was mainly attributable to the sales of temporary suspended working platforms for the nine months ended 31 December 2019 which generally has a lower gross profit margin as compared to the same period last year.

## **Other income**

Our Group recognised other income of approximately HK\$232,000 and approximately HK\$265,000 for the nine months ended 31 December 2018 and 2019, respectively. The amount mainly represents bank interest income and remained stable during the period as compared to that of the same period last year.
