THIRD QUARTERLY REPORT

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Main Board of the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

The unaudited consolidated financial statements of the Group for the nine months ended 31 December 2020 (the “**Unaudited Consolidated Financial Statements**”) have been prepared in accordance with the Hong Kong Financial Reporting Standards (the “**HKFRSs**”) issued by the Hong Kong Institute of Certified Public Accountants (the “**HKICPA**”) and the applicable disclosure requirements of the GEM Listing Rules.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group.

(B) Basis of preparation

The measurement basis used in the preparation of the Unaudited Consolidated Financial Statements is the historical cost basis.

The preparation of the Unaudited Consolidated Financial Statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

2. BASIS OF PRESENTATION AND PREPARATION (CONTINUED)

(B) Basis of preparation (Continued)

The Unaudited Consolidated Financial Statements should be read in conjunction with the Group's audited consolidated financial statements and notes thereto for the year ended 31 March 2020.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW AND OUTLOOK

Our Group is principally engaged in (i) providing rental services of temporary suspended working platforms and other construction equipment, mainly including tower cranes and generators; and (ii) trading of equipment and spare parts, mainly including permanent suspended working platforms, motors and wire rope.

Rental and Related Services

Our Group has been providing temporary suspended working platforms to our customers for housing construction or repair and refurbishment purposes. We source motors and other temporary suspended working platform components separately from our suppliers, and we assemble the platforms in our storage and repairing workshop located in Pat Heung, Hong Kong. Apart from temporary suspended working platforms, our Group also offers tower crane and generator rental services to our customers for housing construction purpose.

Trading of Equipment and Spare Parts

With our established customer and supplier base, we also engage in the trading of equipment and spare parts, mainly including permanent suspended working platforms, motors and wire rope, predominantly in Hong Kong which further enhances our capability to satisfy customers' demands. We source our equipment and spare parts from suppliers mainly located in Germany, Belgium, Spain and China, and sell them mainly to construction contractors and trading companies in Hong Kong.

During the reporting period, the economic environment was challenging and the momentum of economic growth had significantly slowed down. Due to certain uncertainties in the local and global economy, our Group recorded a slight decrease in revenue for the nine months ended 31 December 2020, which decreased by approximately 4.8% to approximately HK\$39.7 million as compared with revenue of approximately HK\$41.7 million for the nine months ended 31 December 2019. Our Group will endeavor to improve its revenue performance on its core business by executing flexible strategies to face the market challenges and will continue to intensify the rental service of tower crane to capture the market demands.

Looking forward, our Group will continue to monitor the development of the COVID-19 pandemic and will continue to adopt a positive yet prudent approach in its business strategies aiming to enhance the Group's profitability and shareholders' value in the long run.

FINANCIAL REVIEW

The decrease was mainly due to decrease in income generated from trading of permanent suspended working platforms business.

Cost of sales and services rendered

Our Group's cost of sales and services rendered amounted to approximately HK\$23.5 million for the nine months ended 31 December 2020, representing a decrease of approximately 7.7% (2019: approximately HK\$25.5 million). The decrease was in line with decrease in revenue for the nine months ended 31 December 2020.

Gross profit and gross profit margin

Our Group's gross profit remained stable at HK\$16.2 million for the nine months ended 31 December 2020 (2019: approximately HK\$16.2 million), with gross profit margin at approximately 40.8% (2019: approximately 38.9%). Slight improvement in gross profit margin was mainly due to the higher profit margin from rental income of tower cranes as compared to the corresponding period last year.

Other income

Our Group recognised other income of approximately HK\$1.8 million and approximately HK\$265,000 for the nine months ended 31 December 2020 and 2019, respectively. The increase was mainly due to the income received from anti-epidemic fund subsidy scheme of approximately HK\$1.4 million and gain on disposal of property, plant and equipment of approximately HK\$0.3 million for the nine months ended 31 December 2020.

Administrative expenses

Our administrative expenses increased by approximately HK\$3.5 million or approximately 54.6% from approximately HK\$6.5 million for the nine months ended 31 December 2019 to approximately HK\$10.0 million for the nine months ended 31 December 2020. The increase in administrative expenses was mainly due to the performance bonus paid to directors and staff of approximately HK\$3.3 million during the nine months ended 31 December 2020.

Finance costs

Our finance costs decreased by approximately HK\$183,000 or 36.5% from approximately HK\$501,000 for the nine months ended 31 December 2019 to approximately HK\$318,000 for the nine months ended 31 December 2020. The decrease was mainly due to the decrease in finance liabilities under finance lease of tower cranes.

Profit and total comprehensive income for the period

Our Group's profit and total comprehensive income slightly decreased by approximately 2.8% from approximately HK\$6.3 million for the nine months ended 31 December 2019 to approximately HK\$6.1 million for the nine months ended 31 December 2020.
